

WINE INDUSTRY SECTOR AGREEMENT

Climate Change & Greenhouse Emissions Reduction

Government of South Australia

Wine Grape Council SA

SOUTH AUSTRALIAN WINE INDUSTRY ASSOCIATION INCORPORATED

INFORMATION PACKAGE OVERVIEW

The Wine Industry Sector Agreement – Climate Change and Greenhouse Emissions Reduction is a two year agreement between the South Australian Wine Industry Association and Wine Grape Council of South Australia and the South Australian Government.

The Information Package includes:

1.

Information Sheet 1: Why you need to be involved

2.

Information Sheet 2: Wine Industry Sector Agreement Overview

This sheet explains the background to the project and summarises the key stages.

3.

Information Sheet 3: Australian Wine Carbon Calculator

Australian Wine Carbon Calculator is about the method for calculating greenhouse gas emissions from the wine industry that is being used by the project. It explains the development of the calculator based on the International Wine Carbon Calculator, which will provide consistency across the Australian Wine Industry and with reporting requirements.

4.

Information Sheet 4: Wine Industry Sector Agreement Participant Commitment

This document will outline how grapegrowers and wineries can show their participation in the project, by signing a commitment to measure and report their 2009/2010 greenhouse gas emissions.

5.

Information Sheet 5: Climate Change Overview

Summarises the key elements of climate change science, such as what the enhanced greenhouse effect is, and how emissions are measured. It also looks at what we are doing in Australia and South Australia to tackle greenhouse emissions.

6.

Climate Change and the Wine Industry Overview of Programs and Information November 2008

This is a reference document that summarises the International, National, State and Regional programs and information on climate change that are relevant to the wine industry. It provides links to websites and documents that set the context for the Wine Industry Sector Agreement and is a source of further information for grapegrowers and wine producers.

Information Sheets

These are available to download from the Climate Change Wine Industry Sector Agreement webpage on the South Australian Wine Industry Association website, www.winesa.asn.au or hardcopies are available by contacting the Project Manager.
