

New! Introduction to Australian Wine

隆重推荐---中文版走进澳洲葡萄酒课程（中英文双语教学）

The National Wine Education and Training Centre (NWETC) is managed by South Australian Wine Industry Association which for over 70 years has presented classes in wine appreciation.

The NWETC has translated its most popular wine course into Chinese. Now Chinese visitors and delegations can learn more about Australian wine styles, wine regions and hear the stories behind your favourite brands without a language barrier.

You will emerge with a comprehensive overview of Australian wine and winemaking. This course aims to develop your sensory evaluation skills - your ability to taste, feel, smell and describe the wine you taste, learnt to identify many different wine styles. By tasting, you will become familiar with warm and cool climate wines, blends and varietals, sparkling and fortified wines. You will understand and appreciate the variations that viticulture and winemaking techniques can have on that unique final product.

With an unrivalled passion for wine backed with solid academic credentials, your wine educator **Ava Huang**, will ensure your learning experience is valuable and fun. Ava completed her *Master of Wine Business* and *Master of Commerce (Marketing)* and uses her skills to assist Australian winemakers with their export and domestic marketing initiatives. She has attended many sensory wine tasting courses and events herself and continues to develop her experienced palate. With her excellent understanding of Australian wine, Ava will share her knowledge and enthusiasm with those who wishes to improve their own Australian Wine appreciation. Ava is fluent both in English and Chinese.

All participants who complete the course will receive a *Certificate of Attendance* endorsed by the South Australian Wine Industry Association.
