

SAWIA WINS OVER \$130,000 IN OHSW GRANTS FOR ITS MEMBERS!

SAWIA has been successful in winning OHSW Grants following an invitation by Employers Mutual Limited (EML) for its Member Incentive Program.

The following two (2) project proposals submitted by SAWIA have been approved by EML's assessment process:

- Development of a wine industry safety and induction DVD; and
- Vehicle mounted 'wire handling machine',

The funding and commencement of the two projects will be **effective from 1 July 2010**.

EML advised that SAWIA's submissions were of the highest standard and that SAWIA was the only employer association to put forward an engineering solution.

The funding approved by EML for the two major projects is a great result for SAWIA members who will use the outcomes directly in their day to day operations.

Employers in the industry are specifically encouraged to put forward any other ideas to SAWIA on engineering solutions that may improve safety in your workplace, that could be considered for funding in the future.

For further information about the projects or if you have any ideas or questions please contact Sarah Hills (8222 9212 or sarah@winesa.asn.au), Egon Schwidder (8222 9273 or egon@winesa.asn.au) or Michael Asmar (8222 9270 or michael@winesa.asn.au).
